

FENCING

Plain Concrete Under-Fence Plinth
2360mm×50mm

\$35.20 (inc. GST)

Plain grey concrete under-fence plinth, 2360mm length — a durable base for Colorbond and timber fencing that prevents ground contact and rot.

SPECIFICATIONS

Material	Reinforced Concrete
Finish	Plain Grey
Thickness	50mm
Length	2360mm

PRODUCT DESCRIPTION

The plain concrete under-fence plinth is the go-to solution for creating a clean, solid base beneath Colorbond and timber fencing. At 2360mm long and 50mm thick, it fits standard fence panel spacings and eliminates the gap between fence and ground.
