Timber Fence Bracket

\$16.50 (inc. GST)

Hot-dip galvanised steel bracket for attaching timber fence rails to steel posts — suits 100UC and SHS post systems.

SPECIFICATIONS

Material	Hot-Dip Galvanised Steel
Application	Timber Rail to Steel Post
Compatible With	H Post, C Post

PRODUCT DESCRIPTION

Our galvanised timber fence brackets are designed for attaching timber fence rails securely to steel H posts or C posts. Hot-dip galvanised for long-term corrosion resistance, these brackets simplify installation and provide a strong, reliable connection between timber and steel components.
